WHO ARE WE

Ariane Tours Destination Management Company (DMC) was created in 2004

Ariane Tours Event & Destination Management Company DUBAI is the result of a great combination of knowledge; skills and expertise of two great Local and Moroccan professionals who have been able to position themselves on the international scale.

Over time, they surrounded themselves with a young, dynamic, multidisciplinary team experienced in meeting and exceeding the requirements of their customers and partners from various backgrounds.

Ariane Tours remains attentive to the needs and expectations of its National and International clients & end clients to achieve their business objectives, whether it is motivational, networking or educational.

By taking care of all your event related aspects, hotel coordination, ground handling, event planning and supplier management, event operations and quality assurance etc. allowing you to focus on what is most important to you: your important client, and VIP delegates.

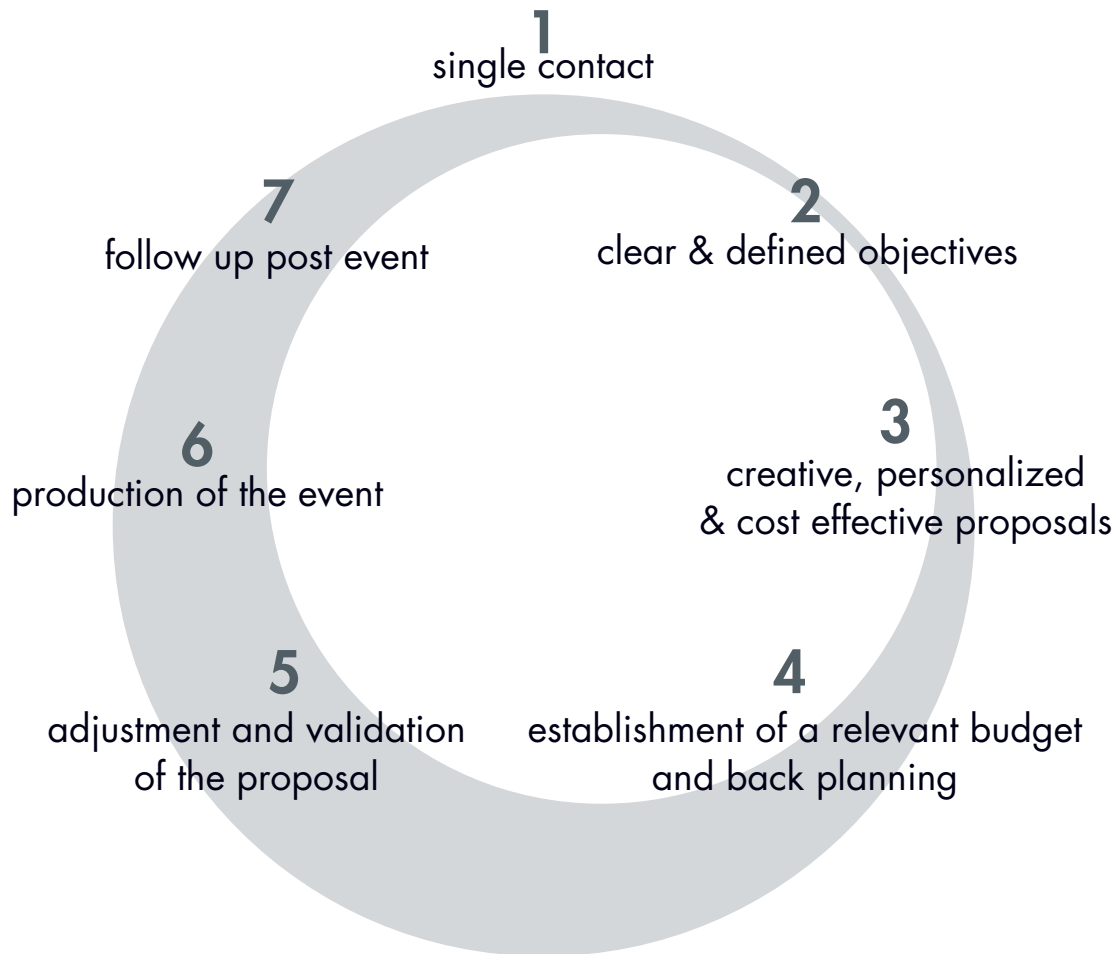

WE make it happen for you.

EVENT PRODUCTION

With a range of high-quality event production specialists and a wide array of high level and rider-friendly equipment, we are confident that we can provide the best and most effective audio, visual, staging and rigging solutions for any event. Our technology partners continuously make strategic investments in the best possible PA systems, digital consoles, microphone systems, lighting, video, trussing and staging technologies all the way down to cables. We also follow the best setup and cabling practices to ensure a neat and aesthetically pleasing event space.

We achieve the best event production results for your events thanks to an all international team of engineers and moving almost completely into the digital space, our audio engineers are experts at setting up complex networked systems using today's most stable audio protocols like Dante, AVB and Madi. Wherein our lighting and production designers are supported by equipment ranging from top-shelf reliable brands like Clay Paky, Martin, Phillips, Strand, Arri, Robe, Ayrton fixtures and more. Our lighting experts taking the reins from conceptualization to execution for your lighting production ensures majestic and awe-inspiring outputs for any event requirement.

A large stock of LED screens and projectors equips us to cater for all types of events with ease. From conferences to concerts, we have a solution that fits them all. With control systems including Barco, AnalogWay and Dataton, and a variety of Media Servers we ensure the most reliable and innovative operation for our events.

EXHIBITION

We take pride in producing structures that compliment your company's corporate identity and attract new business.

Our focus is to help brands win visitors attention and stand out of the cluttered environment of a trade show or exhibition environment.

We create exhibition stands that support the companys communication objectives and provide an interactive platform where brand and products can be experienced by the audience, as opposed to simply impressive static displays. As a result, we help maximize brand engagement with your target group.

Our team of multi-skilled designers, architects and interior specialists plan and build striking exhibition structures of all kinds.
